

**EMERALD REWARDS GROWERS FOR WHEAT QUALITY - PAYMENT FOR QUALITY SCALES ANNOUNCED FOR 2008/09 SEASON**

**Melbourne, September 25<sup>th</sup> 2008:** Australian wheat growers will be rewarded for higher quality production through the *Emerald Rewards* payment for quality scheme, details of which were announced today.

Emerald was the first pool manager to announce it would continue quality payments in the new deregulated marketing environment and is the only company to enhance quality scales with the introduction of a payment scale for test weight.

Managing Director, Mick Cattanach, said the quality payment scales, known as *Emerald Rewards*, have been developed following extensive feedback from growers. They have expressed a strong collective desire to be rewarded for the quality they produce.

"The *Emerald Rewards* quality payment scales reflect the international markets demand for quality wheat and ensure growers who deliver to an Emerald pool will be rewarded for the quality they deliver.

"Growers from across the country have made their preference for quality payments very clear and Emerald has moved decisively to meet this requirement. With strong demand for quality wheat internationally the growers we service through our wheat pools will be rewarded for the quality they deliver"

As an example, Mr Cattanach said through *Emerald Rewards* a Western Australian APW producer who delivers 11% protein, 3% screenings, 11% moisture and 80 kg/hl test weight will receive a premium of \$17 per tonne\* over the base APW grade return.

Emerald's quality payment scales are available to all Emerald customers (copy attached). Mr Cattanach said the *Emerald Rewards* scales will be updated regularly to keep the most accurate market signals in front of growers throughout the marketing year.

\* Protein \$5 per tonne @ 11%, screenings \$5 per tonne @ 3%, moisture \$5 per tonne @ 11% and \$2 per tonne @ 80kg/hl
